Access Programme 26

## National Diplomas

NDCLA	National Diploma: Civil Law Administration	27
NDCRS	National Diploma: Correctional Services Management	27
NDCSM - N10	National Diploma: Correctional Services Management New Curriculum From 2010	29
NDCSM - OLD	National Diploma: Correctional Services Management Old Curriculum (Prior 2010)	31
NDPLC	National Diploma: Policing	32
NDPLC -OLD	Diploma: Policing	33
NDSCR	National Diploma: Security Risk Management	34
NDSCR - OLD	National Diploma: Security Risk Management Old Curriculum (Prior 2010)	35

## Bachelor Degrees

03425 - CRI	Bachelor of Arts Criminology	36
03492	Bachelor of Laws	38
02143 - COM	Bachelor of Arts (Police Science) Police Science(Commercial)	40
02143 - GEN	Bachelor of Arts (Police Science) General	43
02143 - LEG	Bachelor of Arts (Police Science) Legal	44

## Honours Bachelor Degrees

04243	Honours Bachelor of Arts in Criminology	46
04243 - OLD	Honours Bachelor of Arts in Criminology	46
04391	Honours Bachelor of Arts in Social Science in Criminology	46
04847	Honours Bachelor of Arts in Penology	47

## Baccalaureus Technologiae Degrees

BTCOR	Baccalaureus Technologiae: Correctional Services Management	47
BTFIN	Baccalaureus Technologiae: Forensic Investigation	47
BTPLC	Baccalaureus Technologiae: Policing	48
BTSEC	Baccalaureus Technologiae: Security Risk Management	49

## COLLEGE OF LAW (OLD CODES IN BRACKETS)

Qualification	SA Senior Certificate	Foreign Qualification
LLB (SPECIALIZATION: LLB)	LSK0108 - LANGUAGE AND LEARNING SKILLS (S1 & S2) OR TSK011U - THINKING SKILLS (S1 & S2) OR SSD011P - STUDY SKILLS DEVELOPMENT (S1 & S2) + ILW1501 (ILW1036) - INTRODUCTION TO LAW (S1 & S2) + SCL1501 (SCL1014) - SKILLS COURSE FOR LAW STUDENTS (S1 & S2)	LSK0108 - LANGUAGE AND LEARNING SKILLS (S1 & S2) + TSK011U - THINKING SKILLS (S1 & S2) + SSD011P - STUDY SKILLS DEVELOPMENT (S1 & S2)

## Syllabuses

### ILW1501 (ILW1036) Introduction to Law (S1 and S2)

Purpose: to gain basic knowledge, insight and skills for the analysis and solution of elementary problems relating to some of the underlying principles of South African law in general.

### SCL1501 (SCL1014) Skills course for law students (S1 and S2)

Purpose: to gain knowledge, study skills and practical application skills so that they will be better equipped to deal with the practical demands required in daily practice.

### SSD011P Study Skills Development (S1 and S2) (one paper of two hours)

NB: In addition to the registration fee, students are required to also purchase specific prescribed material.

This access module has as outcome the enhancement of the learner's tertiary education skills to deal adequately with the challenges of higher education.

The first section presents a discussion and exercises on study process evaluation; academic planning; the study process; making the most of your memory; studying dense material; the reading process; the writing process. These are followed by a section on examination preparation and dealing with academic anxiety.

### LSK0108 Language and Learning Skills (S1 and S2) (one paper of two hours)

This access module has as its primary outcome the production of better readers and writers with a sound knowledge of language and increased vocabulary. It also aims to make students more self-directed learners who are aware of their own needs and responsibilities.

### TSK011U Thinking Skills (S1 and S2) (one paper of two hours)

This access module has as one of its outcomes the production of self-directed learners who are able to operate within the university context. It also aims to produce more critical thinkers who can identify and solve problems, make responsible decisions and reflect on their own thinking processes and actions.

## What must you do when you complete your Access Programme?

You will have to apply for a certificate of conditional matric exemption before you will be allowed to register for a Bachelors Degree. This must be done before or at the time of your registration by completing the M30 Application Form (found in myChoice@Unisa 2011 and the Unisa web [www.unisa.ac.za](http://www.unisa.ac.za)) and submitting the relevant documentation and fee.

#### TRANSITIONAL ARRANGEMENTS

Students who have previously passed accepted language modules in Afrikaans and English will retain credit towards the completion of the LLB and need not register for the Skills Course for Law Students (SCL1501).

Students who have passed only one language module must register for the Skills Course for Law Students (SCL1501).

Students who passed only IND201V or IND202W retain credit for the module passed and must not register for IND2601 but must register for FAC1503.

Students who have passed ILW1014 and ILW1025 as well as IND201V and IND202W must not register for FAC1503.

Students who passed LCR401R and/or LCR402S may not register for LCR4806.

Students who passed LPL413C may not register for either LPL4804 or LPL4805.

Students who have passed both ILW1014 and ILW1025 retain credit for these modules and may not register for ILW1501. Students who have passed only one of ILW1014 or ILW1025 retain credit for the module passed and must register for FAC1503 and not for ILW1501.

Students who have passed EVI1024 or EVI302B retain credit and may not register for EVI3702.

Students who have passed FAC1502, ACN103 or TXN202 will retain credit for one of those modules and may not take FAC1503.

Students who have passed CRW101U retain credit for that module and must not register for CRW2602 or EUP1501.

Students who have passed EVI2016 retain credit for that module and must not register for EVI3702.

Students who have passed MRL302N retain credit for that module and must not register for MRL4801.

The LLB degree comprises FORTY MODULES which include thirty four compulsory and six elective modules. Some curriculum changes came into operation in 2008 and 2010. New compulsory modules were included in the curriculum, namely EUP1501, FAC1503, PVL3704 and LJU4802. Students who have already progressed quite far with their curriculum may find that this means that they have to do more than thirty four compulsory modules. Therefore they will have to do fewer than 6 electives, because only 40 modules are required to complete the qualification. Credits will be given for all modules already passed (e.g. credit will be given for both IND201V and IND202W which have now been replaced by IND2601).

#### NB

Students in their First Level of registration who are restricted to TWO modules must register for Introduction to Law and the Skills Course for Law Students.

Students in their First Level of registration who are restricted to FOUR modules must register for Introduction to Law, the Skills Course for Law Students, the language module and Accounting principles for law practitioners.

Exemption from law modules by virtue of examinations passed more than ten years ago is not granted automatically; a curriculum vitae setting out to what extent the applicant has remained in touch with the branch of law concerned should accompany applications for such exemptions. See also under G17: Exemption from study units and A14: Documents to be submitted in Part 1 of the Calendar.

The last opportunity to register for this qualification is 2011.  
No new registrations will be allowed for this qualification after 2011.  
This qualification will be replaced with the Honours Bachelor of Arts (with specialisation in Criminal Justice) in the stream Police Practice.

Qualification	<b>Baccalaureus Technologiae: Security Risk Management</b>	NQF Exit Level	7
Qualification code	BTSEC	Total NQF Credits	120
Admission Requirements	National Diploma: Security Management, Policing, Police Administration or Correctional Services Management, OR BTech: Policing, Forensic Investigation or Correctional Services Management		

	Pre/Co-requisites
ACI401S Advanced Corporate Investigations IV	Pre:SEP1503,SEP2603
MNG301A Strategic Planning 3a (Business Management 301)	Pre:MNG2016 or MNG381K or BSM301P or MAR332S or BAN361N or TTM302T OR AST452E or PEN3708 or PEN3703 or AGM 211A or SMN301S
MNG302B Strategic Implementation 3b (Business Management 302)	Co: MNG301A
RME101Q Research Methodology	
SRM401S Security Risk Management IV	Pre:SEP3701,SEP3702

Please note that the management modules (Correctional Services Management I-III and IV: CSM1M1W; CSM1M2W; CSM2M1R; CSM2M2R; CSM3M1Q; CSM3M2Q and CSM4MIV) and Management Leadership Pre: Policing I-III and IV (MLL1M1P; MLL1M2P; MLL201P; MLL301P and MLL401P) do not qualify for credit exemptions for the (business) management modules offered in the Diploma: Security Management or in the BTech: Security Risk Management. Accordingly, to access the BTech: Security Risk Management, such students will need to complete Management I - III (MNG1M14, MNG241Y, MNG381K) in order to register for the management modules offered in the BTech.

As soon as the student has passed the subjects Industrial Security (SEP2601 and 2602), Security Practice III (SEP3701 & 3702) and Costing and Estimating (CES181T) AND fulfilled the (business) management access criteria (one of the management modules listed above to 3rd year level), will such student be allowed to FORMALLY REGISTER for any of the BTech:SRM modules. In other words you can only register for the BTech:SRM modules after the access requirements for both Security Risk Management IV and the (business) management IV modules have been completed. (e.g. A student may only enroll for Management IV only after passing Management III and for Security Risk Management IV if Security Practices III has been passed). (These access criteria can only be bypassed if such student opts to go the NDP route but please see notes below on the implications of doing BTech: SRM modules for NDP).

In addition please note that a student who is in possession of the BTech degree in Policing, Forensic Investigation or Correctional Sciences will be awarded an additional credit exemption towards the BTech in Security Risk Management, namely: Research Methodology (RME101-Q); while BTech: Policing and Forensic Investigation students will also receive a credit for: Advanced Corporate Investigations (ACI401-S).

NB: Please consult with the Programme Head: Security Science and obtain a letter reflecting the above to take with you when you register for the Industrial Security (SEP2601 and 2602), Security Practice III (SEP3701 and 3702) and Costing and Estimating (CES181T) modules. Please NOTE that registration for the BTech:SRM can only take place once these three top-up subjects have been completed successfully and the (business) management access criteria have been fulfilled.

Also NOTE that registration for the BTech:SRM can only take place in the first semester registration since it is a year-long course. In addition, these BTech:SRM students have to attend the compulsory Autumn School held in mid-year.

Non-diploma purposes (NDP): Please note that these 'top-up' subjects in the Diploma: Security Management, have to be done as NDP since the Dept of Education and SAQA regulations do not allow universities to grant a second diploma or degree by means of re-using ('double-dipping') credits obtained in another diploma or degree, i.e. the management credits from another diploma. In other words what these NDP subjects provide is only access to the BTech in Security Risk Management. Accordingly you will not be granted a Diploma in Security Risk Management but only a 'Record of Academic Results' letter indicating that you have passed and obtained credits for the subjects listed above, which can be used to register for the BTech in Security Risk Management (but only if you fulfill the management requirements - one of the management modules at 3rd year level). In addition, if you choose to continue in the BTech: SRM only doing the Security Risk Management IV module for NDP you will not be awarded a BTech:SRM degree but only the above letter regarding your Academic Record. However, what this NDP route does provide you with is access to the formal MTech qualification in Security Risk Management. In addition if this NDP route to the MTech is followed the Research Methodology module (RME101-Q) must also be completed NDP (unless already done in your other BTech). Note also that once the NDP path has been entered the NDP credits are not allowed to be converted to a formal degree.
